This accessibility plan outlines the policies and actions that PTP has put in place to improve opportunities for people with disabilities.

Statement of Commitment

PTP is committed to treating all people in a way that allows them to maintain their dignity and independence. We believe in integration and equal opportunity. We are committed to meeting the needs of people with disabilities in a timely manner and will do so by preventing and removing barriers to accessibility and meeting accessibility requirements under the Accessibility for Ontarians with Disabilities Act.

Accessible Emergency Information

PTP is committed to providing our customers and clients with publicly available emergency information in an accessible way upon request. We will also provide employees with disabilities with individualized emergency response information when necessary.

Training

PTP will provide training to employees, volunteers, and other staff members on Ontario’s accessibility laws and on the Human Rights Code as it relates to people with disabilities. Training will be provided in a way that best suits the duties of employees, volunteers, and other staff members.

PTP has taken the following steps to ensure employees are provided with the training needed to meet Ontario’s accessibility laws on an ongoing basis:

- We provide training within the first three months of service for all new Ontario employees and new managers with Ontario-based staff reports.

Information and communications

PTP is committed to meeting the communication needs of people with disabilities. We will consult with people with disabilities to determine their information and communication needs.

PTP has established a process to ensure that people with disabilities are able to provide feedback on our services as well as how we will respond to any feedback and act on any complaints.

Feedback regarding the way PTP provides goods and services to people with disabilities can be made in writing by email or letter, or by phone. All feedback will be directed to the Chief Operating Officer in PTP's Toronto office. PTP has completed the following steps to make sure all publicly available information is made accessible upon request:

- We provide contact information to the public through our Multi-Year Accessibility Plan.
- Accessible versions of this Multi-Year Plan, our Service Standards for Persons with Disabilities, and our Accessible Customer Service Plan (including spoken word versions) are available on our website – pinktrianglepress.com.

PTP has taken the necessary steps, as practicable, to make our websites and content conform to the WCAG 2.0 Standard, Level AA guidelines.

Employment

PTP is committed to fair and accessible employment practices.

We will take the following steps to notify the public and staff that, when requested, PTP will accommodate people with disabilities during the recruitment and assessment processes and when people are hired:

- All job ads will state that accommodation is available during the recruitment and assessment processes.
- An accommodation plan will be made in a consultative manner with any new employee with a disability who requires one.

PTP has taken the following steps to put in place a process for developing individual accommodation plans and return-to-work policies for employees that have been absent due to a disability:

- We will work in conjunction with PTP's health plan provider to provide necessary information and respond in a timely fashion to all requests from the provider or the employee.
- We will work with the health plan provider to create an accommodative return-to-work plan for the employee in question when the situation warrants one.

PTP will take the following steps to ensure the accessibility needs of employees with disabilities are considered during any performance management, career development and redeployment processes:

- We will work with the employee during the creation of the accommodation plan, and at any time necessary to provide appropriate and accessible, performance management, career development, and redeployment services.

PTP will take the following steps to prevent and remove other accessibility barriers identified:

- Consider and respond to feedback from customers, employees and our other publics in a timely basis and enact solutions as are appropriate and practicable.
- Conduct regular assessments of our accessibility processes, procedures and policies and make changes as are appropriate and practicable.
